

XamPro[®] SMS

Secure Online Testing for Schools

SMS Module

Revolutionise School Communication
Powerful SMS Communication Tailored for Education

Minimise Paper, Time, and Expenses

Distribute your school reports and letters effortlessly and securely with just a few clicks using our "Digital Report" module.

Monitor Attendance & Absences

Send SMS notifications to parents regarding absent students, or deliver personalised messages containing important attendance information.

Manage Behaviour & Detentions via SMS

Oversee detention consent by sending SMS notifications to parents about their child's behavior and receiving their consent responses.

SCHOOL BUDGETS MAY BE CONSTRAINED, BUT WE ARE HERE TO ASSIST IN LOWERING EXPENSES.

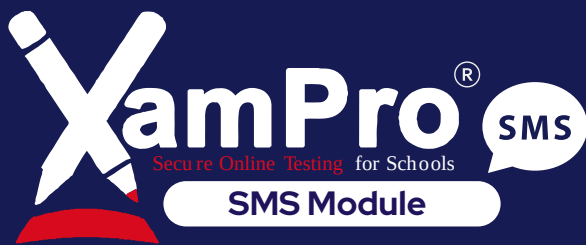

We recognise that budget cuts from local government are negatively affecting local authorities, resulting in tighter financial constraints for Schools. **XamPro SMS is here to help lower your current SMS credit costs.** We've partnered with top SMS providers to offer significantly reduced prices per credit, allowing you to **maintain communication and engagement with parents and caregivers without the stress of financial concerns.**

NOT MERELY STANDARD SOFTWARE, BUT SOLUTIONS CRAFTED WITH THE NEEDS OF SCHOOLS IN MIND.

Our software is specifically **designed for UK schools, collaborating with teachers, support staff, and school leaders.** Created by educators, we continuously adapt our software to meet the ever-evolving needs of educational institutions. Understanding the increasing pressures and time constraints, **we recognise the value of time and the essential tools that schools require to streamline tedious tasks** quickly, efficiently, and effortlessly.

XAMPRO SMS

XamPro SMS empowers schools with seamless, efficient communication tools, **connecting staff, parents, and carers instantly**. Integrated with ESS SIMS, it allows schools to target messages by student demographics, **manage attendance and behaviour notifications**, and even **reach staff during emergencies**. With smart features like scheduled messaging, custom templates, and cost calculators, **XamPro SMS reduces administrative burdens and postage costs**, ensuring schools communicate effectively while saving time and money.

KEY FEATURES

Easily attach PDF documents to SMS messages using our shortened URL service (1-2.io), which is one of the most compact URL services available today.

Send personalised SMS messages to parents and staff using various placeholders, such as Registration Group, Full Name, and Attendance. Say goodbye to generic SMS communications!

Track daily absences, observe student attendance patterns, and tackle both low and high attendance rates by sending SMS notifications, all with the goal of improving overall school attendance.

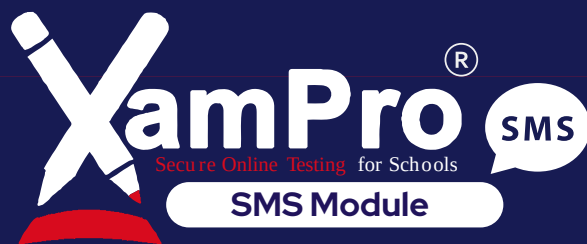

Save time and money on printing school reports and letters! With XamPro, you can effortlessly send student reports & personalised letters using our user-friendly and intuitive "Reporting Module".

Distribute daily detention SMS notifications to parents for obtaining their consent. Easily access all your daily behavior incidents and view parental responses with just a click.

Automatically and seamlessly retrieves information from your School MIS, reducing administrative tasks and ensuring data consistency.

Sign up for a complimentary trial of the XamPro SMS module and receive **15 FREE SMS credits, or schedule a demo** to experience the full capabilities of XamPro SMS.
